

liquidity will remain a significant barrier to producers and buyers increasing their rate of growth, and for some to just maintain their previous sales.

VINPay unlocks working capital that companies experience, and provides opportunity for management to make decisions about how and where is best to deploy that increased access to cash.

VINEX launched the first-of-its-kind wine trading exchange in 2016, and has expanded its reach now with buyers regularly sourcing wines from more than 15 countries, and producers offering more than 100 million litres of bottled and bulk wine each month.
